Coordination compounds. Valence bond theory : tests / contributors: M. M. Petrova, E. M. Zueva, A. M. Kuznetsov; The Ministry of Education and Science of the Russian Federation, Kazan National Research Technological University. – Kazan : KNRTU Press, 2018. – 52 p.

The study guide contains individual test tasks, which can be used to control student achievements in the topic "Coordination compounds. Valence bond theory".

The tasks are developed for the first-year students of engineering degree programs, who study the discipline "General and Inorganic Chemistry" and "The additional chapters of Inorganic Chemistry" in English.

The study guide was prepared at the Department of Inorganic Chemistry.
