Industrial Engineering for Science Consuming Industry. Part 1 : Tutorial / A. R. Tuzikov, R. I. Zinurova; The Ministry of education and science of the Russian Federation, Kazan National Research Technological University. – Kazan : KNRTU Publishing house, 2015. – 120 p.

ISBN 978-5-7882-1846-5 (о́бщ.)

ISBN 978-5-7882-1847-2 (Ч.1)

Industrial Engineering for Science Consuming Industry is rather new MS program. It combines engineering knowledge and skills with economic and managerial ones. The Alumni can find job positions in many spheres or industry, R&D and business. The tutorial is aimed to students of the MS program and deals with two modules of it.: 1) Module for development of Human and Social capital: 2) Module for development of engineering knowledge and skills

The tutorial is prepared in the Institute of Innovation Management (Kazan National Research Technological University).

Edition has been endorsed by the KNRTU Publishing Council.

Reviewers:     prof. *G. F. Mingaleev*  
                  assoc. prof. *A. A. Lopatin*
