# MORSON'S PREPARATIONS OF PEPSINE, INDIGESTION.

*Highly recommended by the Medical Profession for*

As Wine, in Bottles, at 3s., 5s., and 9s.; Lozenges, 2s. 6d. and 4s. 6d.; Globules, 2s., 3s. 6d., and 6s. 6d.; and Powder, in 1 oz Bottles, at 4s. each.

**SOLD BY ALL CHEMISTS.**

The popularity PEPSINE has acquired as almost a specific for chronic Dyspepsia, Indigestion, &c., is due to the fact that it is the nearest possible production of the active principle of the gastric juice of the stomach. Unfortunately, like all other inventions of a like nature, Pepsine has been not slightly discredited by the spurious manufactures that have been issued from time to time; it is therefore necessary as a guarantee of its efficacy to see that each bottle bears the maker's name,

MONTHLY, price ONE SHILLING.

# THE MAGAZINE OF ART.

*A Richly Illustrated and Varied Record of the Beauties of Ancient, Mediæval, and Contemporary Taste.*

Commencement of a NEW VOLUME with the November Part, which is enriched by a beautiful ETCHING, by LALAUZE, from an Original Drawing, by G. L. SEYMOUR, entitled "MAIDEN-DREAMS."

**F**IVE years have now elapsed since THE MAGAZINE OF ART was projected, the intention of the Proprietors being that the treasures of Art in all its branches should be brought within the reach of every cultivated home.

Received at the outset in Great Britain, America, and the Colonies, with unexampled favour, it has steadily strengthened its hold upon the public; and it is now perhaps the most widely esteemed Magazine of its kind in existence.

With this success, it has become comparatively easy to provide for the further development of its utility and attractiveness. Its aim, as heretofore, will be the popularisation of Art, and the gratification of the growing interest of all classes in whatever is beautiful and refined. The Magazine will deal with all the modes of artistic expression, and serve, for every class alike, as a permanent record, pictorial and descriptive, of the Artist's best work.
