LABOUR UNIONS

Healthcare Workers Need Protection from Criminal Liability

Members of the State Duma's Public Health Committee are now debating a new bill to replace the term «medical service» in the law by that of «medical assistance.» According to the authors of the bill, this will protect healthcare workers from criminal liability under Article 238 of the Criminal Code (provision of services that do not meet consumer safety and health standards). But is this really the case?

VIII SUMMIT OF NURSES

Together with Patients: Good Health is the Goal

The autumn session of the VIII International Nursing Summit was held on 13-16 September 2022. Its theme «Good Health is the Goal, Hand in Hand with Patients» emphasizes the need for effective nurse-patient communication and a team-based approach to patient care as key factors of good outcomes and quality of life.

MANAGEMENT SOLUTIONS

Multidisciplinary Approach to Managing Geriatric Patients in Outpatient Care Setting: Role for Nurses.

Older patients often suffer from multiple mutually aggravating chronic conditions which worsen health outcomes. Unless hospitalized, such patients usually need continuous, long-term, and comprehensive observation in an outpatient setting. At City Polyclinic No.15 in Samara, most of this work is performed by nurses.

Introducing Medical Cleaning at City Perinatal Center

It is generally accepted that quality healthcare today is impossible without state-of-the-art medical cleaning. The City Perinatal Center in Ulan-Ude has set up a dedicated disinfection facility equipped with an innovative cleaning system.

NEWS FROM HEALTH WORKER ORGANISATIONS UNION

This column is about the work of Russia's largest professional association of nurses. Established in 2015, the Union of Health Worker Organizations brings together 170,000 medics from 35 professional associations. International Recognition of Russian Medical Training System
 The European Quality Leader Award ceremony was held online in Brussels to honor the 2021 finalists from four countries: Norway, the Czech Republic, Portugal, and Russia, represented by Sverdlovsk Regional Medical College.

Nurse's Role in Diagnostic and Treatment: Parenteral Drug Administration

This was the theme of a webinar offered by the Regional Organization of Healthcare Workers of St-Petersburg.

Record Enrollment in Sverdlovsk Regional Medical College

This year, Sverdlovsk Regional Medical College marks a five-year enrollment record, welcoming 3,700 new students. This brings the total number of students trained across its various departments and branches to almost 14,000.

Nursing for Elderly

On 3-4 October 2022, Moscow hosted the XXVII International Conference «Elderly Patient: Quality of life.» Timed to mark this year's International Day for Older Persons, the conference promotes high quality and respectful professional care for the elderly and a better awareness of their challenges and needs.

Women and Newborns at the Heart of Midwifery

A conference under this title was held in Samara to discuss the role of midwives in preventing postpartum complications, as well as measures of HAI prevention in midwifery clinics, current approaches to caring for preterm babies, and other matters.

Innovative Training Techniques Implemented in Tobolsk Medical College

Providing better training quality through effective use of state-of-the-art teaching and learning methods is a top priority for Tobolsk Medical College named after Volodya Soldatov.

Role of Nurse in Ophthalmology Diagnosis and Treatment

An online conference was held in Samara to discuss the role of nurses in ophthalmology. The event was organized by the Samara Regional Nurses Organization jointly with the Samara Regional Ministry of Health.

CONTINUING TRAINING

Respecting Patient Rights while Protecting Nurses

While patient rights are increasingly in focus, healthcare workers, including nurses, are sometimes left vulnerable to unfair complaints from unscrupulous patients. Low legal literacy of healthcare personnel can be one of the reasons.

Employee Motivation Reflects Administrator Performance

Our columnist, medical doctor and educator Inna TARASOVA, explains why and how all healthcare administrators must develop the skills of inspiring and motivating their teams.

RUSSIAN REGIONS

Transbaikal Session of VIII International Nursing Summit

In addition to online sessions, the program of the International Nursing Summit included offline meetings in Moscow, Chita, Samara, St-Petersburg, and Nizhnevartovsk. This is a report from Transbaikalia where the offline session was particularly interesting.

SESTRICHKA

Read on to learn about ways to develop a better sense of humor, to overcome negative attitudes which can hinder career advancement, to look classy wearing a silk scarf, and why and how to confront one's fears, misperceptions, and uncertainties.

PSYCHOLOGY WORKSHOP

How to Avoid Workplace Bullying

Workplace bullying or mobbing is a situation of an employee being targeted for isolation, humiliation or ridicule by their superiors, subordinates, or coworkers. Sadly, this situation occurs frequently in healthcare settings. This article reveals some of the signs by which a supervisor can detect an unfavorable psychological climate in a team and suggests ways to deal with the situation.

PRACTICUM FOR NURSES

Gastrostomy: Indications, Care Guidance, and Common Problems

This article discusses various aspects of gastrostomy, including indications for the procedure, care routines, and approaches to feeding, oral hygiene, potential complications and solutions.
