VYSSHEE OBRAZOVANIE V ROSSII

www.vovr.ru; www.vovr.elpub.ru

(*Higher Education in Russia*)

Vysshee obrazovanie v Rossii is a monthly scholarly refereed journal that provides a forum for disseminating information about advances in higher education among educational researchers, educators, administrators and policy-makers across Russia. The journal welcomes authors to submit articles and research/discussion papers on topics relevant to modernization of education and trends, challenges and opportunities in teaching and learning.

Vysshee obrazovanie v Rossii publishes articles, book reviews and conference reports on issues such as institutional development and management, innovative practices in university curricula, assessment and evaluation, as well as theory and philosophy of higher education.

Vysshee obrazovanie v Rossii aims to stimulate interdisciplinary, problem-oriented and critical approach to research, to facilitate the discussion on specific topics of interest to educational researchers including international audiences. The primary objective of the journal is supporting of the research space in the field of educational sciences taking into account two dimensions – geographical and epistemological, consolidation of the broad educational community. This can be provided by creating the unified language of understanding and description of the processes that take place in the contemporary higher education. This language should facilitate rallying of the whole community of educators and researchers on the basis of such values as solidarity, concord, cooperation, and co-creation.

Our audience includes academics, faculty and administrators, teachers, researchers, practitioners, organizational developers, and policy designers.

The journal's rubrics correspond to three research areas: philosophical sciences, sociological sciences, educational sciences. We design our activities relying on the professional associations in higher education sphere, such as the Russian Union of Rectors, Association of Technical Universities, Association of Classical Universities of Russia, International Society for Engineering Education (IGIP).

Indexation. The papers in *Vysshee obrazovanie v Rossii* are indexed by Russian Science Citation Index and Google Scholar.

Журнал входит в перечень изданий, рекомендованных ВАК при Министерстве образования и науки РФ для публикации результатов научных исследований.

Vladimir A. ZERNOV – Dr. Sci. (Physics), Prof., Rector of Russian New University, Chairman of the Council of the Association of Non-Governmental Universities, rector@rosnou.ru

Mykhailo Z. ZGUROVSKY – Dr. Sci. (Engineering), Prof., Rector of National Technical University of Ukraine “Kyiv Polytechnic Institute”, Academician of NAN of Ukraine, zgurovsm@hotmail.com

AUTHOR'S GUIDE

Publishing Ethics

The journal *Vysshee obrazovanie v Rossii* is committed to promoting the standards of publication ethics in accordance with COPE (Code of Conduct and Best Practice Guidelines for Journal Editors) and takes all possible measures against any publication malpractices. We pursue the principles of transparency and best practices in scholarly publishing and aspire to ensure fair, unbiased, and transparent peer review processes and editorial decisions.

Peer-review procedure

All the manuscripts submitted to *Vysshee obrazovanie v Rossii* are reviewed by the Editor to assess its suitability for the journal according to the guidelines determined by the editorial policy. On this step of the initial filtering the manuscript can be rejected if the content doesn't fall within the scope of the journal or it fails to meet sufficiently our basic criteria and the submission requirements.

The papers accepted for publication are subjected to the blind peer review process which can be accomplished either by the members of Editorial staff (Heads of Departments) or by involved additional reviewers. The assigned reviewer is an expert within a topic area of the research conducted.

Manuscript Submission

Manuscript is expected to report the original research. The paper content should be relevant to the scope of the journal. Authors must certify that the manuscript is not currently being considered for publication elsewhere and has not been published before.

Manuscripts are submitted at email address: vovrus@inbox.ru. They must be prepared according to the manuscript requirements. Author's document set should include the following positions.

- *Authors' data*: first name, middle initial and last name; affiliation (full name of the organization and position); academic degree; postal address of the organization; e-mail address; mobile telephone number.
- *Manuscript file* in Word format (font – 11-point Times New Roman).
- *Title* (no more than 5-7 words).
- *Abstract* (250-300 words summarizing concisely the content and conclusions of the paper).
- *Keywords* (5-7).
- *Reference list* (approx. 15-20). Each reference should be numbered, ordered sequentially as it appears in a text; all authors should be included in reference list; references to web-sites should give authors if known, title of cited page, URL in full, and year of posting in parentheses. Please, adhere the journal style of referencing.
