English for Special Purposes. Language of Chemistry : Tutorial /
A. R. Nurutdinova, G. V. Romanova; The Ministry of Education
and Science of the Russian Federation, Kazan National Research
Technological University. – Kazan : KNRTU Press, 2017. – 144 p.

ISBN 978-5-7882-2185-4

The tutorial is intended for undergraduate training courses – 18.03.01 “Chemical technology”, as well as for candidates and researchers who are preparing for the Masters or PhD examination in the English language; for training courses on “The Specialized Professionally Focused Translation (English)” and “The English language (technical translation)”; for students obtaining additional qualification “Translator in the sphere of professional communication”, and for independently self-study English course.

Assignments for workshops and independent work are directed to formation of skills in reading scientific and technical texts, annotating and summarizing of the studied literature and also for development of the oral scientific speech skills.

Prepared at the department of Foreign languages for professional communication.

TABLE OF CONTENTS

FOREWORD	5
UNIT 1. PROFESSIONS IN CHEMISTRY	7
Text A. The world of chemistry	9
Text B. Career opportunities in chemistry	11
Text C. Professions in Chemical Engineering	15
Text D. Chemistry careers: Chemical Technology	19
UNIT 2. RECRUITMENT: HEAD-HUNTING APPLICATION PROCESS, BUSINESS ETIQUETTE	22
Text A. How to apply for a job	24
Text B. Prepare for a job interview	30
Text C. The day of the interview	31
Text D. The day after the interview	35
CONSOLIDATION ONE	37
Text 1. Educational requirements for a career in chemistry	43
Text 2. Career opportunities for chemists: what can you do	45
Text 3. Writing application letter: structure	49
Text 4. Format for the curriculum vitae (CV)	53
Text 5. Cultural competence model: essential principles	57
UNIT 3. TEAMWORK, TELEPHONING, NEGOTIATION	62
Text A. Characteristics of effective teams	63
Text B. Teamwork	65
Text C. How to make a successful negotiation	66
Text D. Telephoning etiquette	69
UNIT 4. FOREIGN AND LOCAL COMPANIES IN CHEMICAL PRODUCTION	77
Text A. Largest chemical producers of the world	84
Text B. The European chemical industry	85
Text C. China is taking steps to assure profitable growth	87
Text D. Overview of the oil and gas sectors in Saudi Arabia	90

CONSOLIDATION TWO	92
Text 1. Team development stages / models	94
Text 2. A future that limits fossil fuels?	105
Text 3. Cultural diversity barriers: U.S. mainstream culture	109
Text 4. The most valuable skills in oil and gas	110
Text 5. Industrial framework of Russia	113
REFERENCES	115
APPENDIX I. PROFESSIONAL COMMUNICATION	
1. Research Report Writing	117
2. Basic Framework for a Research Report Writing	119
3. Instructions for Newspaper Analysis	121
4. Instructions for Comparative Newspaper Analysis	122
APPENDIX II. SUPPLEMENTARY READING ON CHEMICAL INDUSTRY PERSPECTIVES	
Text 1. Chemical Trends in 2015	123
Text 2. Oil and Gas Trends in 2015	128
Text 3. Chemical Trends in 2016	131
Text 4. Oil and Gas Trends in 2016	136
Text 5. Chemical Industry vision 2030	140
